STATEMENT OF WORK (SOW)

1.1 INTRODUCTION:

The United States District Court for the Northern District of Illinois is seeking quotations for carpet maintenance for the Chicago and Rockford Courthouse, located at 219 S. Dearborn St, Chicago, IL 60604 and 327 S. Church Street, Rockford, IL 61101, respectively. The U.S. District Court occupies 14 floors of the Dirksen United States Courthouse and 3 floors of the Roszkowski United States Courthouse.

This Request for Quote (RFQ) is for service from October 1, 2015- September 30, 2016. In addition, pricing shall be given for three option years; renewal will be at the Court's discretion depending on funding and need of service. At any time during the option years, the Court can terminate the service. Option years will be:

Option Year 1: October 1, 2016—September 30, 2017 Option Year 2: October 1, 2017—September 30, 2018 Option Year 3: October 1, 2018—September 30, 2019

1.2 OBJECTIVES:

The U.S. District Court is seeking pricing to budget for cleaning the courtrooms, chambers, jury rooms, all private offices and attorney witness rooms at least once during each contract year. There is no guarantee of work. The following square footage of floors should be used to base your quote on the best possible price you can offer.

Chicago Courthouse: On floors 2 and 16, the Jury Department has rooms that are 6,680 square feet and 5,875 square feet. On floors 15 and 20, the Clerk's office has administrative space that is 12,000 square feet and 24,375 square feet. Floors 12, 14, 17, 19, 21, 23, and 25 of the each have four courtrooms, chambers and jury rooms. The average chambers size on these floors is 1,400 square feet. The average courtroom on these floors is 1,900 square feet. The average jury rooms on these floors are 425 square feet. The average attorney and witness rooms on these floors are 210 square feet. Floors 13, 18, and 22 have five courtrooms and five chambers. The average chambers size on these floors is 1,140 square feet. The average courtroom on these floors is 1,580 square feet. The average jury rooms on these floors are 450 square feet. The average attorney and witness rooms on these floors are 175 square feet. The 10th floor has 4 courtrooms, 6 chambers, and 4 jury rooms. The average courtroom is 1,440 square feet. The average chambers size is 1,500 square feet and the jury rooms are 385 square feet. The average attorney and witness room is about 180 square feet.

Rockford Courthouse: On the 2nd floor, the Jury Department has rooms that are 6,927 square feet. On the 5th floor, there are three courtrooms with an average size of 2,536 square feet, 6 attorney and witness rooms with an average size of 123 square feet, 3 cloak rooms with an average size of 80 square feet, 2 courtroom deputy offices with an average size of 191 square feet, 1 court reporter office approximately 169 square feet, 3 jury rooms with an average size of 420 square feet, 3 robing rooms between 300-420 square feet and 3 mediation rooms between 197-405 square feet. On the 6th floor, there are four chambers with an average size between 1,346-1,732 square feet per chambers.

1.3 SCOPE:

The U.S. District Court will require the vendor to have the ability to offer hot water extraction carpet cleaning. The hot water extraction must use the manufacturers approved detergents.

1.4 REQUIREMENTS:

- Pricing must include all material and labor. The District Court will not supply any material.
- Current performance submit references from two current customers who have a similar maintenance agreement.
- Ability to perform work after hours. Carpet must be cleaned after 6 PM during the week (unless otherwise approved)
 and on weekends. If premium pay is required for after hour work, it must be included in the quoted price.
- All technicians must have a valid state ID to enter a courthouse. Technicians will also be required to undergo and pass
 a background investigation.
- Contractor will be responsible to move any furniture that is required to clean the area properly. Furniture will need to be replaced in the exact location as it was prior to the cleaning, or as specifically instructed by the District Court.

1.5 SPECIAL REQUIREMENTS/INFORMATION:

- The vendor will be held responsible for any damage to carpeting or property that is caused by their work. If damage is
 noted prior to the start of work, it will be the responsibility of the vendor to note the damage and notify the court
 employee working on the project with the contractor.
- Asbestos containing material (ACM) may be present in rooms/areas of the Courthouse. Should ACM be found during
 work, the contractor shall stop work immediately in that area and contact the project manager for instruction on how
 to proceed. Work may continue in other rooms/areas per the approved scope of work and where no ACM is located.

Provision 3-220	Exemption from Application of the Service Contract Act to Contracts for Certain
	Services – Certification (APR 2011)

(a) The offeror shall check following certification:

CERTIFICATION

The offeror [] does [] does not certify that —

- (1) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;
- (2) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror;

- (3) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and
- (4) The offeror uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the offeror uses for these employees and for equivalent employees servicing commercial customers.
- (b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision then <u>Clause 3-160</u>, <u>Service Contract Act of 1965</u>, as amended, will not be included in any resultant contract to this offeror.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: Life, accident, and health insurance plans, sick leave, pension plans, civic and personal leave, severance pay, and savings and thrift plans. Minimum employer contributions costing an average of \$4.27 per hour computed on the basis of all hours worked by service employees employed on the contract.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541. 400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

- (1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
 - (2) The design, development, documentation, analysis, creation, testing or

modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

- (3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
- (4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).
- 2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do

not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the

contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).
